

REPLY TO QUERIES FROM PROSPECTIVE BIDDERS

No.	Query / Recommendation from Bidders	Decision
1	We request for exemption of any Tender Fee and EMD as per Office Memorandum released (Reference Document No.DPE/7(4)/2017-Fin.) in favor of relaxation of norms for Startups Medium Enterprises	To retain the Tender fee and EMD as in RFP document.
2	We request for exemption of Prior Experience and Turnover as per Office Memorandum released (Reference Document No. DPE/7(4)/2017-Fin.) in favour of relaxation of norms for Startups Medium Enterprises. We request you to change the evaluation criteria in favour of MSMEs / Startups.	To retain the experience and turnover prescribed as in RFP document.
3	Clarification needed for the quality of output needed (this includes parameter such as resolution of image, forward and side overlaps during drone survey, accuracy of data etc.)	<p>The Consultant shall provide Drone imagery with an ability to have orthogonal aerial images at 0.5m resolution from an altitude not exceeding 150 m</p> <p>The drone imagery is not required unless the surveyor is able to generate topographical survey and Built record survey of high accuracy through other surveying methods like the DGPS etc.</p>
4	We hope that you will give due consideration to the aforementioned points and extend the bid submission time by 2-3 weeks. We seek your response at the earliest.	<p>Revised schedule: Bid submission closing date (online) : 3:30 PM on 02.08.2021 Bid submission closing date (hard copy): 3:30 PM on 06.08.2021 Bid opening date : 4:00 PM on 06.08.2021</p>
5	Request you to clarify that, Drone survey is mandatory for whole LAP and TPS area? If consultant covers 100a» ground survey by DGPS, Total station and Auto Level then Drone survey is required or not? Our suggestion is to remove drone survey because process for getting permission is more time taking and that will affect project timeline.	<p>The drone imagery is not required unless the surveyor is able to generate topographical survey and Built record survey of high accuracy through other surveying methods like the DGPS etc.</p> <p>If required the Consultant shall provide Drone imagery with an ability to have orthogonal aerial images at 0.5m resolution from an altitude not exceeding 150 m</p>

6	We request you to extend the last date for physical submission of bid from 24/07/2021 to 28/07/2021	<p>Revised schedule:</p> <p>Bid submission closing date (online) : 3:30 PM on 02.08.2021</p> <p>Bid submission closing date (hard copy) : 3:30 PM on 06.08.2021</p> <p>Bid opening date : 4:00 PM on 06.08.2021</p>
7	We assume that as this project is under Town Planning Department is currently the State Mission Directorate for implementation of AMRUT, those who are worked under AMRUT project and empanelled please allow them direct participation by providing supporting documents and WO etc. Please clarify?	<p>Shall remain the same as RFP</p> <p>Applicants who have relevant experience in topographical survey and base map preparation will be considered. Relevant experience can be from any projects as addressed in the RFP</p>
8	We understand that the technical capacity mentioned for the lead applicant shall have a project area of Open Land Area of 150 Ha & greenfield area) of 100 Ha. We request you to consider overall project area coverage of more than 200 ha (even more) without specifying Greenfield area, as we have similar project experience except Greenfield and Brownfield mentioned. Generally any large project that includes both greenfield and brownfield areas may be considered. This will facilitate wider participation.	The technical capacity shall remain the same as per the RFP. If an applicant has provided the technical support of performing topographical survey and base map preparation in an Open land area of 150 hectares and 100 hectares of built land area survey as mentioned in the RFP then they will be considered. This states that if an applicant has provided similar services (topographical survey and base map preparation) under AMRUT they will be considered.
